

 Central Bureau of Weights and Measures	Application for Competent Official to Consider Approval of Measuring Instrument Prototype under Measurement Act, B.E. 2542 (1999) and as amended	For Competent Official Application No..... Receiving Date..... Receiver.....
--	---	--

Submission of Application

To.....

I hereby submit an application for a competent official to consider the approval of a measuring instrument prototype under the Measurement Act, B.E. 2542 (1999) and as amended, as follows:

Information Supporting Application

Name of Applicant....., Doing Business of Manufacturing, Importing Measuring Instrument
 Certificate of Business Operation No. Wishes to Manufacture Date.....Month.....B.E.
 to Import Date.....Month.....B.E. Number of Identification/Registration Number of Juristic Person.....
 Place of Business Operation Located at No....., Village....., Alley/Lane....., Road.....,
 Sub-district/ Sub-area....., District/Area....., Province.....
 Postal Code....., Telephone....., Facsimile....., e-mail.....
 Information of Coordinator : Name - Surname....., Telephone....., e-mail.....

Information of Manufacturer (In Case of Importation)

Name of ManufacturerTrademark.....
 Address of Place of Manufacturing Located at City....., State....., Country....., Postal Code.....

Having Intention to

Apply for Approval of Prototype Having Following Details (In the case where there is not enough space to fill out information, additional documents can be attached)

a new type, category or model of the measuring instrument which has never been manufactured and shall be manufactured

a new type, category or model of the measuring instrument which has never been imported into the kingdom

the measuring instrument which has already been inspected and verified, but it is modified or improved, and manufactured

the measuring instrument which is manufactured or imported under the prototype which has already been approved, and it is modified or improved, Certificate of Approval of Prototype No.

Category of Measuring Instrument	Type	Brand/Model	Capacity/ Maximum Flow Rate	Standard of Measurement Institute or Organization of Foreign Government or International Organization (to Specify Name/ Number of Standard)

Documents or Evidence Supporting Application to Be Presented

Copy of Document Presenting Ownership in Trademark, Pattern, Category, Type, Model of Measuring Instrument (In Case of Manufacturer)

Letter of Appointing Distributor from Manufacturer (In Case of Importer)

Power of Attorney together with Copies of Identification Card of Appointor and Appointee Certified Correct Copy (If Any)

In Case of Sending Prototype and Supporting Documents	In Case of Submitting Documents Presenting Prototype
<input type="checkbox"/> 2 prototypes together with supporting documents, as follows: (in case of not enough space to fill out, additional documents can be attached) <input type="checkbox"/> the document presenting the details of information about technique, characteristic and qualification of measurement Name of Document..... in the number of pages <input type="checkbox"/> the document presenting a structural plan, a component diagram, parts, materials or electric circuit Name of Document..... in the number of pages <input type="checkbox"/> instruction manual, installation, assembling, preparation before use, maintenance and repair Name of Document..... in the number of pages <input type="checkbox"/> the document presenting sealing to protect a change in the position of presenting the information of an instrument Name of Document..... in the number of pages <input type="checkbox"/> other relevant technical documents, as follows: (please specify) 1. Name of Document..... in the number of pages 2. Name of Document..... in the number of pages 3. Name of Document..... in the number of pages 4. Name of Document..... in the number of pages 5. Name of Document..... in the number of pages <input type="checkbox"/> other relevant reports, as follows: (if any) (please specify the name of agency/country issuing a report) Name of Agency Country..... 1. Evaluation Report..... Name of Document..... in the number of pages 2. Examination report..... Name of Document..... in the number of pages 3. Test Report..... Name of Document..... in the number of pages <input type="checkbox"/> copies of document concerning the history of applying for the approval of the prototype (if any) (please specify) Name of Document..... in the number of pages	the documents presenting the prototype issued by the following institution or organization (in case of not enough space to fill out, additional documents can be attached) <input type="checkbox"/> the International Organization of Legal Metrology (OIML), issued by..... Documents Presenting Prototype No. in the number of pages <input type="checkbox"/> the measurement institute or organization of the foreign government which is the ordinary member or the associate member of OIML at the time of providing certification, issued by..... Documents Presenting Prototype No. in the number of pages

Certification of Applicant

I hereby certify that the facts and particulars as specified in the application and documents or evidence supporting the application above are correct and true in all respects.

(a juristic person's seal to be stamped)
 (Signed).....Applicant
(.....)
 Date..... Month..... B.E.

For Competent Official

1. The documents or evidence supporting the application are correct and complete incorrect/incomplete, having the following details

.....

.....

.....

2. The documents supporting the prototype or the documents presenting the prototype are correct and complete incorrect/incomplete, having the following details.....

.....

.....

.....

Additional Comments (if any)

.....

.....

.....

.....

.....

In the case of the documents under Clause 1 or Clause 2 being incorrect or incomplete, the applicant shall submit additional information or documents according to the above details correctly and completely within Date..... Month..... B.E.

(Signed)..... Competent Official
 (.....)
 Rank.....
 Date..... Month..... B.E.

For Applicant

I have already read and understood the aforesaid particulars and details, I put my signature as evidence, and I have already received one copy of the application.
