

The report on the test for loss of water pressure

Application number

Trademark/model Day/Month/Year of the test

Test machine number The number of water volume metres Units

Minimum flow rate	Maximum flow rate
Loss of water pressure not exceeding 25 kilopascal	Loss of water pressure not exceeding 100 kilopascal

Order	I.D. number	P1	P2	H1	P3	P4	H2	H	Flow rate		Test result
				P1-P2			P3-P4		H2-H1	Min	
1											Pass or fail
2											Pass or fail
3											Pass or fail
4											Pass or fail
5											Pass or fail
6											Pass or fail
7											Pass or fail
8											Pass or fail

The criteria: Pass Fail

In case of sample testing: if the result of the test shows that one or more or all of the units of the water volume metre fails to pass the test, the rest of the units that are not previously collected as samples shall be tested.
